To commemorate the 100th anniversary of the famous Wasmuth Portfolio of 1910 (*Studies and Executed Buildings by Frank Lloyd Wright*), which introduced the work of Frank Lloyd Wright to Europe in a sumptuous publication of original lithographs, we have produced a limited edition facsimile of Frank Lloyd Wright's never-before-published sketchbook of 1910, which served as the maquette for the Wasmuth portfolio: *The Florence Sketchbook of Frank Lloyd Wright, 1910*. Also available are a printed and an online illustrated catalogue of the original Wasmuth Portfolio lithographs that are sold through our gallery. ISBN 13: 978-0-8150-0107-2
